

## BIO

DJ MACK is a leading force in Europe's Afro-Caribbean scene. Born Stéphane, he draws his unique energy from a rich dual heritage: Congolese and Guadeloupean. Proudly representing France on the global stage, he bridges two distinct musical worlds, delivering sets that highlight both the hypnotic grooves of Afro music (Amapiano, Afrobeats) and the high-energy pulse of the Caribbean (Soca, Dancehall).

A true "Swiss army knife" of live entertainment, he is as lethal on the turntables as he is on the microphone. His magnetic energy and exceptional MC skills have made him a highly sought-after talent by promoters worldwide. Capable of turning any massive event into an intimate, unified celebration, his unmatched crowd intuition led him to become the official Host of the legendary Karukera One Love festival. As the official DJ of the pioneering French Soca Crew (celebrating 15 years of cultural impact) and co-founder of the 'We Are Soca' movement, DJ MACK doesn't just play music—he commands the room.
